OCTOBER 2021 VOLUME 10

Happy October,

Changes in the season will also bring changes to Skyline.

We are happy to announce a few projects.

The entrance driveway will increase in length to alleviate the danger of being left in the road waiting for a left turn into the park.

A much needed transformation of the club house is in the early planning stages!

New homes will be in place on the various vacant lots, as soon as the factories return to full operation.

We look forward to these projects to upgrade our community and make it an even better place to call home.

FIRE AWARENESS

Thank you for clearing yards of dry brush. With fire season nearly year round now in California it is very important we as a community practice fire safety. Management has scheduled clearing of the common areas for park. safety.

See attached flyer from the Valley Center Fire Marshal

Park Directory's are now available in park office.

Need to Inform Management of a Concern?

Simply complete our new "Resident Request" form, place in one of our drop boxes and we will do the rest!

The forms and drop boxes are available outside the office door and in the clubhouse lobby.

We look forward to helping in anyway we can!

If you would like to share pictures of events/activities please submit to the office.

We would love to include these in the park newsletter!

A BIG thank you to Fred, with our park construction crew for alerting us to a fire recently in the parks RV storage. The fire department arrived very quickly and it was contained primarily to one RV.

For Park disturbances & theft crimes call the Sheriff Department

* Management is not the proper enforcement of these issues.

TRASH

Trash containers must be kept in a clean & sanitary condition stored in a garage or area not visible from the street.

Management is aware of recent issues with trash collection and an EDCO representative has spoken with the drivers. Hopefully this will help alleviate any future problems.
